HARDING'S ILLNESS OF GRAVE CONCERN

CANCELS ALL APPEARANCES IN CALIFORNIA

SPECIALISTS CALLED INTO CONSULTATION

Sickness Which Caused Change in President's Itinerary Takes Sudden Turn for Worse Early Monday Morning.

Executive Expresses His Regrets Over Abandonment of California Itinerary

George B. Christian, Jr., private secretary to President Harding, issued the following statement:

"The President is deeply appreciative of the fact that the people of California and its great cities have planned a series of magnificent demonstrations in honor of his visit. He realizes the great inconvenience imposed on public authorities, volunteer committees, and the people in general by reason of uncertainty whether the program in which he was to have participated, can be carried out. He has been particularly concerned to avoid the possibility that many thousands would travel long distances and then be disappointed.

"Accordingly, after full consideration of all circumstances he has desired the statement made public that by advice of his physician he will not attempt to carry out the program arranged for him for San Francisco.

"Moreover, the President is reluctantly persuaded that it will be necessary to cancel his entire California program."

San Francisco.—Sudden and unexpected complications in the illness of President Warren G. Harding, who arrived in this city Sunday, caused grave concern and consultations were held at his bedside early Monday morning.

Summoning of physicians took place shortly after a bulletin was issued by George B. Christian, jr., secretary to the president, cancelling Mr. Harding's entire program of public appearances in San Francisco and the state.

Called into consultation were: Dr. Ray Lyman Wilbur, president of Stanford university and president of the American Medical association, Dr. Charles M. Cooper of Stanford University hospital, Charles E. Sawyer, Dr. Joel T. Boone, medical department, U. S. N., and White House physician; Secretary of the Interior Hubert Work.

Dr. Sawyer, shortly before physicians were called into conference, issued the following statement: "Because of new symptoms having arisen indicating complications in the case of the president, a consultation of physicians has been called."

First intimation of a change for the worse in the president's condition came at 11 o'clock Sunday night, when Secretary Christian informed San Francisco newspapers that Mr. Harding had been prevailed upon to forego all further speech-making and public appearances in the state.

SCHOOL CHILDREN'S DAY AT CALIFORNIA STATE FAIR

Sacramento.—Schools in nearly every county of the state will be represented at the California State Fair on September 8, which has been set aside as children's day. Chemical combinations and reactions, displays of proper clothing for children, balanced rations and food values will all be practically demonstrated. Child hygiene as promoting citizenship and Americanism will be one of the important features. Bands, glee clubs, orchestras, quartettes and either vocal or instrumental solos will be furnished continuously during the day and evening in the educational building.

In addition to a juvenile boxing contest, the children's program will include pony, bicycle and foot races. Prizes will be given for the best exhibition of pets.

Capitol Steel Work Begins

Sacramento.—Steel construction upon the second building of the capitol extension, which will house state offices now located in the Forum building, has begun. The steel work on the library building, the first building of the capitol extension, has been completed.

Banker Dies of Heart Trouble

Sacramento.—William R. Radcliff, Watsonville banker, and a brother of George Radcliff, chairman of the state board of control, died of heart trouble at his home in Watsonville. Radcliff was 68 years of age.

FRUIT AND GRAIN YIELD EXCEED EXPECTATIONS

Department of Agriculture Tells of Crop Yields Which Will Crowd the "Bumper" Mark.—Some Fruits in Advance of Normal.

Sacramento.—California is assured of bumper crops this season as a result of the favorable weather conditions that have prevailed throughout the state for the last three weeks, according to a prediction made by Director G. H. Hecke of the state department of agriculture, based on data compiled by E. E. Kaufman, agricultural statistician of the California Co-operative Crop Reporting Service.

In his crop forecast Hecke declared that harvesting of the grain crops was progressing rapidly and that although the wheat crop in some sections is below the average, the crop generally is very good.

With regard to the fruit situation Kaufman reported to Hecke as follows: Comparatively speaking, temperatures this spring have been abnormally low, and instead of retarding the maturing of fruits, as expected, the opposite effect has been produced. Shipments show that up to the middle of July over 6,300 cars of peaches, plums, cherries, paricots, pears and grapes had been shipped, compared to slightly over 2,100 cars at that date last year.

Grape prospects, especially in the San Joaquin valley, have had a rather severe setback, on account of the cold weather in June, which promoted the spread of mildew. The percentage of loss is yet uncertain, reports of damage ranging from 5 to 40 per cent where mildew is prevalent. Favorable returns are being received from grapes shipped from Imperial and Coachella valleys. The cantaloupe season has opened at Turlock with favorable prospects.

STEEL HEADS MOVE TO END TWELVE-HOUR DAY SHIFTS

New York.—Steel magnates here to devise measures for eliminating the 12-hour day in the steel mills are virtually agreed that salaries of the 120,000 men affected cannot be cut in proportion to their reduction to 8-hour days. Since the change will mean an addition of approximately 60,000 employes, to permit of three 8-hour shifts, the discussion of wages held an important place. An increased payroll and altered machinery necessitated by the changes, would result in increased cost of production, which would have to be passed to the consumer.

Steel costs have advanced since January 1, and are bound to advance again with the institution of the shorter working day. As to the time when the 8-hour shifts will be generally installed, every effort will be made to effect the change promptly is was said, but the labor supply is still short.

STATE CONTROLLER REJECTS $300,000 PAYROLL WARRANTS

Sacramento.—The state payroll for July, amounting to more than $300,000 pay due hundreds of state department employes, has been rejected by State Controller Riley. The roll was sent back to the state board of control by Controller Riley, with the notation that in view of the conflict between the budget bill and the state law covering the commissions, the controller is unable to approve the rolls and authorize issuance of salary warrants for the month. The payroll covers all of those commissions and boards which are designated as self-supporting and come within the question raised as to the legality of the state budget bill.

Riley criticized Governor Richardson and the state board of control for what he declared was their failure to cooperate in arriving at a decision on the many legal entanglements in the budget bill.

Damaged Hospital Condemned

San Bernardino.—The east wing of the main building at the Southern California State Hospital, damaged in the earthquake, was condemned by inspectors of the state department of public works. This is a three story building housing women patients. All the patients are in good condition. The hospital has been receiving inquiries from anxious relatives all over the state. There is no cause for apprehension.

Wheat Tract Burned

Hanford.—Fire in the Tulare lake grain belt destroyed 600 acres of unharvested wheat owned by the Tulare Lake Lang company and 200 acres of the Goldberg tract. The combined harvester of Kenneth Battelle was destroyed by fire and 100 acres of wheat, running fifteen sacks to the acre, burned over. The loss was $20,000, mostly covered by insurance.

CALIFORNIA NEWS BRIEFS

Preparations for the state fair, September 1 to 9, are moving forward in full swing. The buildings, cattle exhibition pens, etc., are in the last stages of renovation, and the grounds are undergoing preparation for the exposition. Secretary Paine announces that San Mateo and Glenn counties will have entries this year. Contra Costa county has had a squad of workmen on the grounds for some time preparing the exhibit for that county, which is being constructed of California redwood. Stanislaus, Kern, Placer, Kings and other counties are expected to have their respective staffs at work soon placing their shows. Among other counties to which space has been allotted are Alameda, San Joaquin, Fresno, Stanislaus, Yolo, Placer, Kings, Los Angeles, Tulare, Solano, Colusa, Humboldt, the Mother Lode counties, San Francsico, the five Northern counties, Lassen, Modoc, Trinity, Shasta and Siskiyou. Santa Barbara and other Southern counties are expected to have exhibits. Secretary Paine has visited Los Angeles county exposition and called upon other southern counties relative to their exhibits at the forthcoming fair.

Grace Lowry, 18, from the little mountain village of Greenville, Plumas county, told the Oakland police that she was lured to an obscure lodging house and forced to battle for her freedom against Morris Lentz, a paroled convict. Having fought herself free, she escaped by sliding down a drain pipe. She had previously tried to buy her way out with $2, all the money she had. The police gathered in Lentz, who charged the girl with making the first advances.

The grand jury committee at Auburn, investigating the charges alleged to have been made by Rev. C. R. Fairfield, supply pastor of the Roseville Presbyterian church, and former head of the Roseville Ku Klux Klan condemning conditions of immorality among Roseville high school pupils, returned a report holding that the preacher "condemned conditions in general and not the Roseville High School," and that his statements were merely expressions of his views.

Charges that the nurses of the Sacramento county hospital were being intimidated by Dr. H. E. Morrison, superintendent, that conditions at the hospital are rapidly verging on the chaotic and that the young women are compelled by disorganization of the institution to work overtime and were in fear of dismissal, were made to the grand jury investigating complaints improper conduct of the hospital head.

The Loyola ranch of 625 acres, near Los Altos, originally purchased for a removal site for the University of Santa Clara, has been sold to San Francisco capitalists. Sentiment favoring the original site, established by the Franciscan fathers in 1777, resulted in a change of intention and the sale of the ranch property gives the institution sufficient funds to complete its building program.

Governor Picks Judges

Long Beach.—Governor Richardson announces selection of six superior judges of Los Angeles county, and that commissions would be issued on September 1, provid . the supervisors had court chambers ready. The judges selected are: Hartley Shaw, son of former Chief Justice Lucien Shaw; John Fleming of South Pasadena, Walter Guerin of Pomona, Paul Burks, Ira F. Thompson and Harry R. Archibald, well-known civil lawyers.

Monarchist Coup Seen

Antwerp.—Holland and Belgium heard further rumors of an impending monarchist coup in Germany. Hugo Stinnes had been seen at Doorn visiting ex-Kaiser Wilhelm Hohenzollern. The visitation is believed to foreshadow a coup d'etat in Germany having as its object restoration of the former kaiser to the throne.

A lime plant with a capacity of 2,000 barrels, constructed on the unit system, is under way at Merced to utilize the large deposits of high grade rock near there. The plant and the four deposits will represent an investment of $1,500,000.

An Auburn Japanese girl of 18, claiming American birth, testifies that a marriage pact was arranged for her by the fathers of the groom and herself in Japan without her knowledge or consent. Placer county officials are investigating.

Romulus Delsi of Stanton is 88 years old and the father of forty-five children, his last-born arriving July 16. His oldest child is a son, 61. The present Mrs. Delsi is the fourth wife.

Chico citizens must vote a special tax at an election to be set soon or the city will be without funds with which to conduct the business of the "municipal shop" after September 1.

The San Francisco Association for the Blind has issued an appeal to the public for $30,000, the balance necessary to provide a modern home for their wards.

The Farmer-Labor Unit question is to be taken up at the meeting of the California Federation of Labor meeting at Stockton, September 17.

Palo Alto has in view the expenditure, by July 1 of next year, of over a quarter of a million dollars to complete the veterans' hospital there.

Nineteen houses are under construction in one district of Oroville which was an open field two years ago.

PRESIDENT HARDING IS RECOVERING

The good news that President Warren G. Harding is on the way to recovery after his light pneumonic attack is most pleasing to the entire country and world.

During his illness the public generally watched eagerly for dispatches and bulletins of his condition, hoping for a speedy recovery.

California would like to have a visit by Mr. Harding later when he has not been worn out with banquets and speeches in a round-about trip enroute.

ALL HANDS BUSY

Every available man, woman and child who could be mustered into service has been called upon the past two weeks to help save the apricot crop, by working in the orchards and dry yards.

The apex of the harvest is now over and the labor situation some what relieved. The delayed season of cots brought them into the canneries in conjunction with peaches and pears, but for a few days only.

AUTO POLO AT STATE FAIR SEPT. 1 TO 9

One of the most interesting amusement features of the California State Fair in Sacramento, Sept. 1 to 9, will be the auto polo game played every afternoon in the field within the race track, opposite the grand stand. This is full of thrills. It will be put on by Miller Brothers in all of its realism as well as sport. The game polo will be played by experts driving automobiles built for the purpose. The sprinting of the players will be no less exciting than the thrilling mixups. Besides, there will be a tumble car. This is the auto clown act. It is full of zest and fun and yields thrill after thrill as the car tumbles along in its dare-devil spin. When this car is not moving along like a regular automobile it is turning over like a water wheel. This stunt will be pulled every day during the fair.

Sept. 8, will be Children's Day at the State Fair at Sacramento and one of features will be an exhibition of children's pets. Entries close Sept. 1. Any bird, animal, insect, plant, herbarium, aquarium, nature study or wood craft specimen, will be accepted. (no nests, nor birds' eggs.) All dogs, etc., must have chains, other pets brought in necessary container not later than 10 a. m. Sept. 8.

There will be no charge for entries but Society assumes no liability. Prizes in all classes.

CASHIER LENOX HAS RESIGNED

Lionel T. Lenox, Cashier of the Growers National Bank of Campbell since its organization nearly four years ago, has announced that he has tendered his resignation, to take effect at a later date.

Mr. Lenox did not inform us what his future plans would be, but gave us to understand that, for the time being at least, he would retain his home on North Second street.

Mr. Lenox has made a very successful and satisfactory official and his resignation will be a matter of regret to both patrons and stock holders of the bank. However, the many friends of himself and family are glad that they are not leaving Campbell now and trust that his future business may still make it possible for them to remain here.

CHICKEN CULLER BUSY AT CAMPBELL

C. E. York, agriculture supervisor, has made arrangements for another of the popular culling demonstrations.

The first one is held at the C. Jensen ranch on Rincon avenue, one quarter of a mile west of the high school grounds at 10 o'clock Wednesday forenoon. In the afternoon at 2 o'clock a similar demonstration will be held at the Louis Shelley ranch on Los Gatos -San Jose road, south of Campbell.

It is hoped that time will be afforded to give a young bird culling demonstration at the Matheson ranch near the Shelley home.

These pullets are trap-nested layers and much interest is had in this particular case. The work will be done by R. B. Easson of the U. of C. and U. S. Department of Agriculture. Much information was gained at the former demonstration and the community is fortunate in securing the services of Mr. Easson at this time.

FALLACY OF BUYING BY MAIL

How would you like to journey to the nearest city for a pound of sugar, or a yard of muslin, or a spool of thread, or a smoke? And how would you like to makt the trip when you need a prescription filled in a hurry, with death running you a race?

You would make some noise if forced to such an extremity—and then more noise.

You would say—and justly so—that a town in which you can not buy a pound of sugar, or a yard of muslin, or a spool of thread, or a smoke or even get a prescription filled, is a migthy poor excuse for a town and not worth living in.

Yet our merchants can only afford to keep these things for your convenience as long as you buy other things from them.

It is not doing this town any good to buy the little things here and then chase off to a city or send to a catalogue house when you want something on which the merchant has a chance to make a dollar.

Neither is it doing you any good, for the prosperity of each citizen, is dependent to a large extent upon the prosperity of the community as a whole.

We are not telling you something you do not know.

We are simply refreshing your memory in hopes the time may when our people will conclude that a town that is worth living in is worth trading in.

That's all.

HAVE YOU INVESTED IN OIL STOCK?

Thousands of oil companies are optrating in the recently opened California fields around Santa Fe Springs, Long Beach and Huntington Beach.

As a protection against any fraudulent type of promotion, that may be attempting to operate, California maintains a Corporation Commission, which has done much excellent work in curbing what otherwise probably would have become a more serious situation, similar to the losses sustained in the Oklahoma and Texas oil booms through the deliberate fraudulent operations of promoters over whom little control could be exercised because of a lack of regulation.

The federal government likewise has detailed a staff of postoffice inspectors to the California fields to expose and prosecute any promoters who may have misused the mails in the sale of oil stock. Through these state and federal agencies, the public has the opportunity to lodge its complaints.

The office of the Corporation Commission of California to which such complaints should be addressed is located at Los Angeles and the Postoffice Inspector's headquarters also are at Los Angeles. About the only requirements is that complaints must set out the facts in detail and be accompanied by advertising literature and correspondence. Complaints merely showing that a bad investment has been made will not be considered. Evidence of a serious deception or fraud are essential.

ADVERTISING AND GOODS GO TOGETHER

There's just one kind of a man or institution that cannot afford to advertise—the one that has not honest goods. Advertising and "The goods" go together. Neither is of value without the other. Without advertising the best goods will not, as a rule, reach the public. And without honest goods, advertising will bring no permanent success—nor will any other operation. But together they make an unbeatable team.

The dollar that goes out of Campbell is gone, and the money spent in Campbell is used to develop the city and help make improvements. If home trading were discontinued entirely there would be no towns in the country, and even the occasional dollar taken outside hampers the growth of the community.

MODERN ROADS AS ADVERTISING

The cost of building and maintaining streets and good roads seems so great that many taxpayers are incuded to lie down, and say they simply can't be afforded. Yet before taking that attitude, it is well to reflect on the returns that a good road and streets brings.

The news that a city like Campbell for instance has good roads spreads for many miles around. Motorists drive this way out for pleasure, or will go in this direction when seeking a trading center. They will go many miles out of their way if they can strike a good road into some business center.

The convenience and comfort of a good road is thus a magnet that draws trade and business, that spreads prosperity into the surrounding country. It makes a town seem like a live one. The streets of its business center are well filled with visitors, While a town with poor outlying roads finds visitors going elsewhere. It costs something to solve the good roads problem, but it costs more not to.

WHY GO TO CHURCH?

Going to church satisfies a need. We eat to satisfy physical hunger. We sleep to refresh our tired and worn bodies. So church going satisfied man's longing desire to know God. The finest fellowship that is found among men is furnished to those who avail themselves of the privilege of church attendance.

Where learn the lesson of the Heavenly Father's love and care better than at church? Where is the lesson of brotherly kindness taught better than at church? Here it is cultivated consideration and responsibility for for others that makes the world's best citizenship.

INVESTIGATE BEFORE INVESTING

Your well-earned savings are worth keeping and guarded against a poor investment. Beware of the rapid-fire stock salesman, and his easy and oily promise of making you rich quick. Don't put your savings into any stock or loan proposition without having it investigated. If you are asked to buy stock in a proposition you know nothing about, we suggest that you turn the name of the company and salesman over to your banker, and he will look into it for you. Investigate, before you sign for an investment.

HOME-TOWN COMMANDMENTS

Thou shalt honor thy home town with a neighborhood house. Thou shalt meet thy neighbors there on equal footing. Thou shalt work with them there for the common welfare. Thou shalt play with them there with all thy heart and strength and mind. Thou shall know thy fellows better and thy friendships shall multiply.

Some folks seem to think the best way to make the country dry is to drink up all the available liquor.

A grade crossing just will not stand for being double crossed.

Looks like the dove of peace is about to degenerate into a piece of dove.

Some of these so-called presidential possibilities look more like impossibilities.

A Boston man is said to have refused a legacy of $850,000 because he had not earned it. He might as well have taken it. If he had undertaken to earn it by running a newspaper or by ordinary labor he would never have amassed that amount of money anyhow.

BE A KING

Few men ever refused the job of being a king. Would you like the honors? You can have them.

When we speak of a king, your mind harks back to the era of monarchies. Then the king's word was the law of the land. None said him nay. He called to one man, "Come here and do this;" and to another, "Go there and do that," and the things were so. To be a king was to have power.

But in the year 1923 we are in the era of business, which is just another way of saying that the customer is king.

Think for a moment. You have more servants than any monarch of old ever dreamed of. Innumerable forms of business service await your will. Switch on the lights, turn on the heat, take the telephone receiver off the hook and command other kinds of service without limit. And business is specialized, giving you the benefit of the knowledge of experts. Your power would tear the heart of an old-fashioned king with envy.

Your position too, is more secure than was his. For after all, the old-time king was really at the mercy of his subjects, whereas you are not; he could be dethroned, but you can't be.

King Customer, be a wise monarch and choose your business court well. Home business men are the ones most directly interested in your well-being. Call upon them. They will serve you best. And make our home bank your Lord High Treasurer.

FOODS AND FLAVORS OF DISTINCTION

Progressive housekeepers not only like to know what foods and flavors are best, they are also interested in learning the reasons why one product is better than another.

There was a woman who asked Dr. Wiley, well-known food authority, why cider vinegar is better than straight acid vinegar. He replied, "The things that give cider vinegar its peculiar pleasing qualities are the elements in it that are not vinegar."

To undestand the point more easily, take the case of musical instruments. You recognize instantly a violin, a piano, a cornet, although each instrumeut may be sounding the same note. Why? The answer is, overtones. Strings, wood, metal, set up vibrations, not an essential part of the musical note, that give the note character. The overtones increase your enjoyment.

In flavors the "overtones," if they may be so termed in this connection, come from the elements that give the liquid *body*.

Good as cider vinegar is, another vinegar is regarded by many persons as still better. This is the dark, malt vinegar, such as Cross & Blackwell, of England, and Heinz, of this counry, make. The body elements of this vinegar give it a characteristic flavor that is smooth, exceptionally pleasing. It is particularly adapted to table use. It will appeal to housekeepers who aim to make their table service distinctive.

Cross & Blackwell Malt Vinegar, large bottle, 65c. Heinz Malt Vinegar, small bottle, 25c.; large, 40c.

Miss Evelyn Henry left Wednesday for Mount Hermon to attend the C. E. Conference. From there she will go to Salinas to enter upon her school duties. As Mrs. Henry is away they have given up their flat in Mrs. J. D. Sawyer's house and Irvin will make his home with Mr. and Mrs. T. E. Marrs, which will be convenient for his work at the Shell Oil station.

J. C. LLOYD

J. C. Lloyd passed away very suddenly of heart failure Sunday, in San Jose. For many years the Lloyd family resided in Campbell and Mr. Lloyd conducted a blacksmith shop on the lot where the postoffice now stands. They moved from here several years ago to the Burbank district in San Jose.

Funeral services were held Tuesday at 10 o'clock from the Curry, Gripenstraw & Darling Funeral Parlors. A number of former friends and connections in Campbell attending. Interment was made at Santa Clara.

Mr. Lloyd was bornat Bellfountain, Ore., and was a little over sixty-four years of age. Besides his wife, Mrs. Anna M. Lloyd, the deceased is survived by four children, Floyd L. Morris, Vaugh L. and Merle L. Lloyd, and Bernice Saveker.

James Knappen and Harold Vermilya of Palo Alto, both of the 1923 class of Stanford, started this week by auto for a trip whose objective is the Atlantic seaboard. They will visit at Bismarck, N. D., former home of both, and several other places enroute. Arriving in the east their plan is to visit the eastern countries of South America.

Miss Mary Fablinger is in receipt of a letter bearing the news that Miss Lucy Vandergon is returning to California and will teach in Salinas. Miss Vandergon is one of the daughters of Mr. and Mrs. J. J. Vandergon, who resided in Campbell for several years and then returned to their former home at Maple Lake, Minn.

Mr. and Mrs. W. E. Eckles will have their annual vacation during the month of August, part of which will be spent at Twin Lakes. Rev. Marshall of Sunnyvale will occupy the pulpit of the Congregational church for the first two Sundays of the month.

Miss Rose Giles of Anderson, Shasta county, arrived Wednesday for a visit with her sister, Mrs. R. W. Kennedy, Sr., and family. Mrs. Giles is an author, one of her more important books being "The Closed Road," a story located in New Mexico.

Mr Vaudine Putnum Sanders will take a group of her dancing pupils to Palo Alto Friday evening where they will put on a program at the Base Hospital for the entertainment of the soldiers there.

New Pictures

For many months Paramount's famous stars, players, directors, dramatists, photographers and screen technicians have been working to give you a giant program of thrilling photoplays for the coming season.

They have had their choice of the richest material of story, personnel and equipment and back of it all, the intoxicating thought and stimulus that thousands of audiences are ready for and expectant of the Paramount Pictures they will make.

The tired business men and women are having prepared for them a series of fine picture productions which have hitherto never been equaled.

We predict that Hollywood, directed by James Cruze, will offer a new kind of comedy-drama about a girl who tried to get into the movies. Paramount offers THE CHEAT with the dynamic Pola Negri—what a picture! Bluebeard's Eighth Wife with Gloria Swanson will delight young and old. Also ZAZA with the same star.

SALOMY JANE was produced at Boulder Creek, California from the Bret Harte story. Zane Grey's TO THE LAST MAN was made out in the wildest country of Arizona with Richard Dix and Lois Wilson and a large cast.

Others ready for you are: Thomas Meighan in WOMAN PROOF. RUGGLES OF RED GAP, Harry Leon Wilson's most famous novel. This was filmed at Eureka, California. THE PURPLE HIGHWAY with Madge Kennedy. THE SILENT PARTNER with Leatrice Joy, Owen Moore and Robert Edeson. William DeMille's THE MARRIAGE MAKER and LAWFUL LARCENY with Nita Naldi, Hope Hampton, Lew Cody and Conrad Nagel, directed by Allan Dwan.

BOOST

Boost, and the world boosts with you,
Knock, and you're on the shelf,
For the world gets sick
Of the man who'll kick,
And wish that he'd kick himself.

Boost, when the sun is shining,
Boost when it starts to rain.
If you happen to fall,
Don't lie and bawl,
But get up and boost again.

Boost if your class is lively,
Boost if it's dead as sin,
No battle is won
By the one who'll run,
So stick to your job and win.

Boost for your own advancement,
Boost for the things sublime;
For the chap that's found
On the topmost round
Is the Booster, every time.

TO MISS FLAPPER

Blessings on thee, little dame—
Bareback girl with knees the same,
With thy rolled down silken hose
And thy short, transparent clothes;
With thy red lips, reddened more,
Smeared with lipstick from the store;
With thy makeup on thy face,
And thy bobbed hair's jaunty grace.
From my heart I give thee joy—
Glad that I was born a boy.

Chicago Tribune.

Thomas Noble, San Francisco printer, was arrested on a telegraphic warrant from Los Angeles, charging him with printing spurious irrigation district bonds which were being sold over the state. A total of $102 bonds of a face value of $102,000 are thought to have been manufactured.

Los Angeles will be the meeting ground, September 20 to 22 for the American Association of Petroleum Geologists. This, the first setting in the state, undoubtedly coincides with the fact that California has become recognized as playing a national role in the oil industry.

REPORT DETAILS EDUCATION COSTS IN SANTA CLARA

County Superintendent of Schools Joseph E. Hancock has completed his annual report to Will C. Wood, state superintendent of public instruction. The report will be forwarded to Wood immediately.

According to Hancock's statement it cost $154.48 to educate each high school student and $68.80 to educate each elementary pupil in Santa Clara county last year. The cost per capita on Junior college and kindergarten students was $18.28 and $74.37 respectively. Hancock explains the low figure on junior college pupils by saying that the state bears most of the burden of the expense of educating such pupils.

Receipts for educational purposes totaled $2,199.158.96. This amount was divided into teachers' salaries, new school houses, maintenance; etc. The county schools received from the state $407,943. From the county they received $443.661.

Other facts contained in Hancock's report follow: Number of school districts in the county, 77; number of high school teachers, 271; average daily attendance at high schools, 4250; total salaries paid high school principals, $28,100, or average of $3122; number of elementary schools teachers, 209; average salary of elementary school teachers, $1955.

LITTLE RED SCHOOL

Dr. U. C. Smith, President of the Iowa Wesleyan University, in a recent address in which the spirit of Abraham Lincoln was pointing to Uncle Sm who was pondering over which of a number of roads to take. Lincoln's counsel was, "Go back two miles to the little red school house and the old white church, turn to the right and go straight ahead."

AMONG LEGION FUNMAKERS

Howard E. MacDonald of Seattle, Holds Office of "Correspondant National" of the Organization.

Although the Forty Hommes et Huit Cheveaux organization is known as the "playground society" of the American Legion, its formation and development required the strenuous efforts of a number of Legionnaires.

Among the leaders in the funmaking body is Howard E. MacDonald, of Seattle, who holds the office of "correspondant national" or national adjutant of the organization.

MacDonald was a charter member of the third Legion post organized in Seattle, Rainier No. 21, and served as assistant adjutant and adjutant. This post later was consolidated with Elmer J. Noble Post No. 1, and became Rainier Noble No. 1.

He went to Kansas City as a delegate to the first Promenade Nationale

of the Forty and Eight. It was largely through his efforts that order was brought out of the chaos then existing in the national organization.

Upon the election of Edward J. Eivers, of Portland, Ore., as chef de chemin de fer (national president) of the order, MacDonald was made "correspondant national," and was reappointed to that office following the last convention at New Orleans.

MacDonald served 22 months in the army. He was overseas 14 months as a sergeant major, senior grade, Coast Artillery corps, at First Army Artillery headquarters.
